

This term our new topic is 'Down in the Savannah'.

We will be participating in some African themed activities during the last week of the term, such as drumming and dancing!

PSHE

This term is 'Relationships' where we focus on thinking about our families and relationships with our peers. We also will be thinking about who can help us in the community and at school.

Art

In Art we are having a strong focus on paint; experimenting with the texture of paint by adding different materials, mixing colours and naming colours. We will also be painting what we can see and using a variety of tools to create beautiful art work.

Geography

In Geography, we are going to learn all about the human and physical features of our town. We will then be learning about a non-European country (Lagos) in Africa and comparing the two places.

RE

During RE, we will be continuing to learn about Judaism and their religious festivals.

Science

In Science, we will be using our scientific enquiry skills to focus on a plants and growing unit. We will be going outside to identify and name common plants and trees. We will be planting flowers and vegetables and learning about the parts that make up a plant.

English

We will be implementing an exciting new writing process called 'Talk For Writing'. Children will have lots of opportunities to get creative and build on their current writing skills.

Maths

In maths we will be continuing with measure by focusing on capacity. Then, we will be moving on to grouping and sharing linking this to multiplication.
